

***Manufacturer of  
Brass Turned Components***

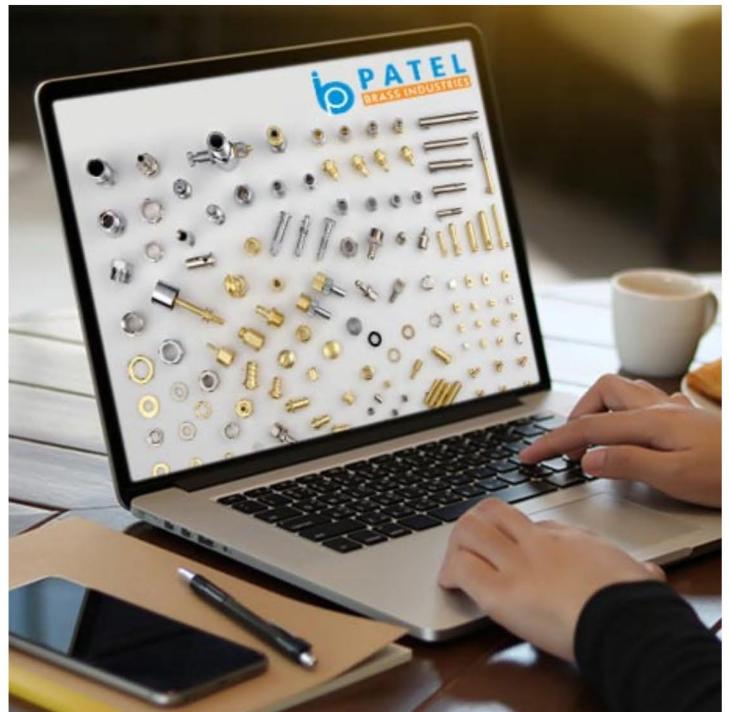

## — Customize Your Experience With Us !

With experience and expertise of more than two decades, our best quality products and effective client services have put our name as the well-known metal components manufacturer and supplier among leading companies in India and Overseas. Our products suits to all industrial sectors like Automotive, Electronics, Aerospace & Defence, Petro Chemical, Hydraulics, Medical, Construction and other Industrial Application.

While we personalize our plans and its execution according to your business needs, we have predefined steps to approach a new assignment. These steps have been proven to increase our efficiency at work so that we meet your deadlines and guarantee exceptional results, every time.

**28**

**YEARS OF UNBEATEN TRUST OF  
CUSTOMERS AROUND THE WORLD**

## — Why Choose Us ?

We believe our core values of innovation, integrity, client satisfaction and intellect differentiate us from others. Our focus is to maintain & developed a measurable client satisfaction.

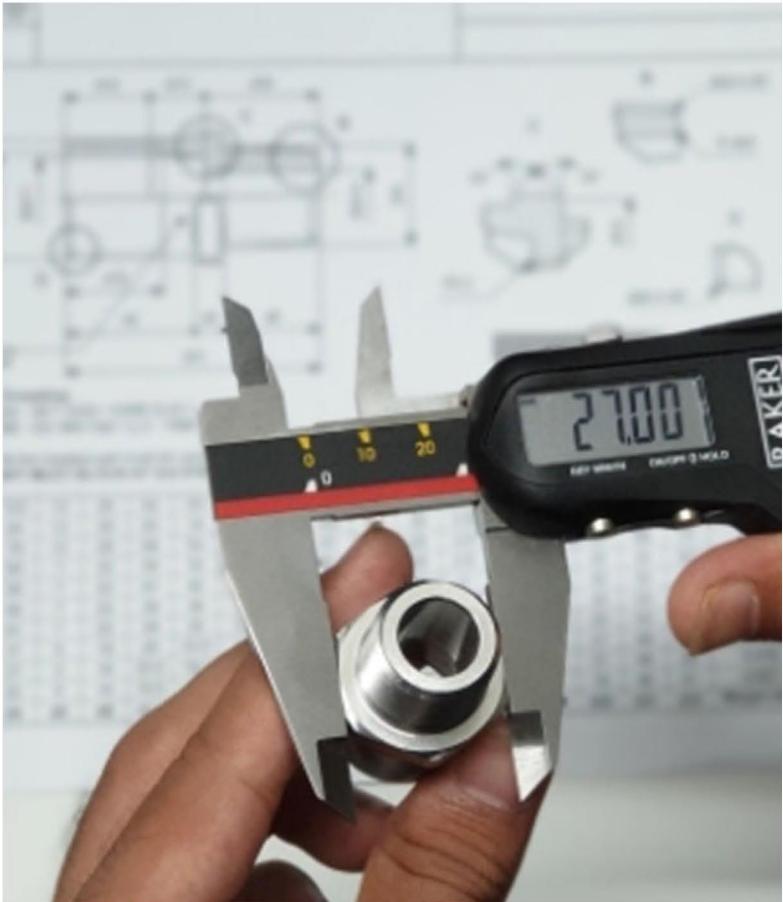

### Quality Work

Production processes are set with in-depth understanding about customer's requirement and product application which means quality is built into the processes for producing products and continual improvement measures are taken to ensure the processes work every time.

### Experienced & Dedicated Team

Production processes are set with in-depth understanding about customer's requirement and product application which means quality is built into the processes for producing products and continual improvement measures are taken to ensure the processes work every time.

## Quality Assurance

Quality Assurance is an integral part of Patel Brass Industries. We ensure that we are able to deliver high quality products to our customers according to their need. All our valued customers have awarded us consistently ensuring the high quality of our products. Our quality assurance team is trained and well experienced. We have lab area with modern equipments. We have established separate department for final inspection. We assure that all parts supplied by us are compatible and interchangeable with the corresponding original part and all critical dimensions and tolerances are in accordance.

We are committed to the adherence of all processes through process improvement plans. Our process improvement plans allow allocation of human resources and other facilities to improve the quality of our products. This results in implementing good practices and maintaining the highest standards of quality at every stage. Our plant has maintained ISO Certification of quality management systems maintained by the International Organization of standardization and administered by certification and accreditation bodies.

### WHAT WE DO

## Quality Approach

### Quality Policy

Our primary goal is to provide highest quality products with good customer centric services. We will achieve this globally by continuous monitoring and improving our performance which are based on client needs and tough objectives.

### Quality Control

We have an efficient quality control system in place. Quality control begins by checking raw materials for compliance with specifications. All products are inspected at all stages of manufacturing for defect free surface quality.

### Inspection & Testing

Our Inspection Department has a comprehensive stock of gauges, micrometers, together with material testing facilities. The finished products are tested on different quality parameters such as dimensional accuracy, durability and strength.

## Manufacturing Unit

Our manufacturing unit is equipped with latest machines and technology to produce zero-defect and high performance Metal Components. The sophisticated production facilities enable us to execute orders of various sizes and specifications. The infrastructural facilities are also equipped with sophisticated packaging equipment and machinery to ensure quality packaging that ensures safety of products during transit and delivery.

## Brass Electrical Components

Brass Plug Pins & Sockets

Brass Earth Pin & Live Pin

Brass BB Part & Round Plug

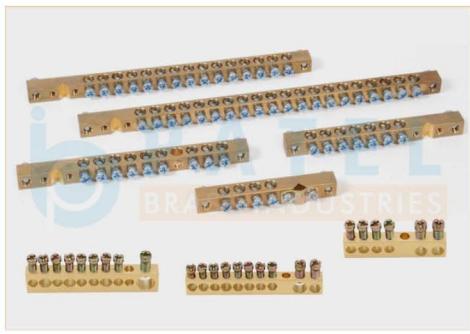

Brass Plug Screw

Brass Terminals

Brass TV Sockets

Brass Neutral Links & Bars

Brass Terminal Blocks

Brass Switchgear parts

We are manufacturing all Kinds of Brass Electrical Components, Brass Electrical Parts and Brass Electrical Fittings like Electrical Plug Pins, Sockets Pins, Brass Neutral Links, Brass Terminal Block, Brass Connectors, Brass Contacts and more. Brass Electrical Components are consumed in various applications like Toggle Switches, Modular Switches, Switchgears, Fuse Switches, Plug Pins & Sockets and many Electrical & Electronics Equipment or Parts. Brass Electrical Components for various industries including Power Generation, Electronic Industry, Solar Energy, Automotive Industry, Medical Industry, Electrical and Engineering Assembly.

## Brass Sanitary Fittings

**Brass Adaptors & Bush**

**Brass Diverter Valve, Nozzle, Spindle, Nuts & Housing**

**Nipple, Rubber & Biconical Ring, Flat Washer & Nut**

**Brass Nipples & Nuts**

**Brass Nipples**

**Brass Nozzles & Nuts**

**Push Cock Knob & Push Cock Spindle**

**Spindle, Housing & Bush**

**Spindle, Housing & Bush**

Brass Sanitary Fittings manufactured by us are made from quality brass materials which ensure durability and quality. Our wide gamut of Brass Sanitary Fittings include Diverter Valves, Brass Nipples, Brass Spindle, Cock Knob, Brass Nozzles, Brass Tee, Brass Elbow, Brass Union, Brass Socket, Brass Coupling, Brass Bush, Brass Plug, Brass Stop Plug, Brass Adaptors, Brass Couplers, Male/Female Pipe Fittings, Hexagonal Reducing Nipple, Bush, Female Connectors and Hose Jointer.

We manufacture Chrome Plated Sanitary Parts , as per customers design & Samples. We have established ourselves among the trusted manufacturers of Forged Tee, Brass Connectors, Brass Extension Nipples, Brass Reducers, Brass Union Fitting etc.

## Cable Glands & Accessories

**Brass Cable Glands**

**Cable Gland Accessories**

We manufacture and export a comprehensive range of Industrial Cable Glands, Cable Fittings and Cable Gland Accessories for the smooth interconnection of cables and equipment. The range of Cable Glands include safety, deluge, flameproof and explosion proof Cable Glands cover the full spectrum of cable from general to industrial types. The manufactured range of standard and high-quality Cable Glands are designed to provide optimal systems integrity when used alongside cables and form an integral part of cable solutions

## Brass Fittings

**Brass Pipe Fittings**

**Brass Flare Fittings**

We offer optimum quality Brass Fittings which are used in engineering, mechanical and automobile, automotive and other industrial sectors. Furthermore, the use of quality approved raw material in our range ensures durability, tensile strength and resistivity to adverse conditions. The Range of Brass Fittings are offered in different combinations of sizes, multi-step reductions, and shapes. We manufacture various types of Brass Fittings including Elbow Union, Nut, Sleeve, Male Branch Tee, Male Connector, Female Connector, Brass Sleeve, Hex Socket and many more! Our Range of Brass Fittings is highly suitable to be used in different sorts of industrial applications and appreciated by our global clients.

## Brass Automobile Parts

**Brass Pressure Screws**

**Brass Automobile Pins**

We are specialized in manufacturing and customizing any kind of automobile parts as per customer requirements and CAD drawings. We are using excellent quality raw materials and advanced technology to ensure the high durability and anti-corrosive property of automobile parts.

## Brass Inserts & Fasteners

**Brass Inserts**

**Brass PPR Inserts**

**Brass Screws**

**Brass Nuts & Washers**

**Brass Inserts & Rivets**

**Brass Knurling Male - Female  
Bush & Round Knob**

The wide range of Brass Inserts includes threaded moulding inserts, knurled moulding inserts, moulding inserts for plastic, wood moulding inserts, and more. The range of standard and high-quality brass inserts are designed to mould into the plastic, wood, or any moulded components. Brass Inserts are available with high-strength threads.

## — Brass Turned Components

We are a leading manufacturer of Brass Turned Components, which are well known in the market for its high quality and standards. As a complete service provider, we take care of Precision Turned Components production from product development stage to manufacturing process with proper delivery time. The offered range of high quality and precision turned Components are manufactured from brass, copper, aluminium, bronze, steel, stainless steel and other material composition based on custom requirements and specification. The range of Precision Turned Components are widely used in Automotive, Automobile, Electrical, Electronics, Mechanical, Oil and Gas, Telecommunication, Pneumatic, Hydraulic and many other industries.

## — Brass Sheet Cutting Components

Brass Sheet Cutting / Stamping Parts are used in varieties of applications like riveting, fitting, supports, locking, fastening & for various uses in electromechanical & automobile industries. It comprises a lot of types like Washers, Lugs, Tags, Gaskets, Links, Banana Plugs, Terminals, Tapping Clips, Hinges etc. Apart from Plain Washers, all other varieties are exclusively developed as per custom designs & demands.
